Redwood Community Health Coalition (RCHC)

Triple Aim +

RCHC and Value Payment Models

- Pay for Performance
- Medicare Shared Savings Accountable Care Organization
- Proposed State Alternative Payment Methodology Pilot for Medi-Cal patients in FQHCs

Health Centers Committed to:

- Greater Standardization of Evidence-Based Care across Health Centers
- Population Health Management
- Organizational Engagement
- Team-based care
- Improved analytics and QI
- Patient-centered and relationship-based care

Where to Begin?

- Priority Issue
 - Hypertension
- Framework
 - 4-Point Evidence-Based Care Program

Why Hypertension?

- It matters a lot
- We can make a difference
- We can do better
- We know how
- And Kaiser Permanente has given us the road map

RCHC

4-Point Evidence-Based Care Framework

1. Shared Clinical Guidelines
2. Clinical Decision Support (CDS)
3. Shared Best Practices
4. Population Health and QI Support
